**TERMS:** Cash, check or all major credit cards unless prior arrangements have been made with the individual owner(s) or sale manager.

**REGISTRATION CERTIFICATES:** Certificates of registration are all in order. It is the buyer's responsibility to give the clerks the correct name and address for transferring the purchased animals as the certificates will be mailed from the American Hereford Association to the purchaser.

**EPDS:** The EPDs given are current as of October 2, 2025.

**LIABILITY:** Each animal will be at the buyer's risk as soon as they are sold. The Missouri Hereford Association accepts no liability nor does the Missouri State Fairgrounds. Everyone attends at their own risk.

**GUARANTEE:** The cattle sell with the AHA breeder's guarantee.

**HEALTH:** Proper health papers will be available on each lot during settlement.

**AI CERTIFICATES:** There will be no AI certificates furnished on animals bred to bulls not owned by the individual consignors.

**INSURANCE:** Insurance will be available on your purchases at the sale. Contact the sale clerk for more information

**TRAVEL**: If you are flying, the Kansas City International Airport is 1 hour and 45 minutes from the sale site and is served by most major airlines. If you are driving, the Missouri State Fairgrounds address is: 2503 W. 16th St., Sedalia, MO 65301.

See you in Sedalia for Hereford Weekend!

## A Word from the Sale Manager

Welcome to the 23rd Missouri Opportunity Sale. You may notice a few changes and new faces to this long-running event, but the one constant is the excellent quality Herefords and Hereford-Influenced females being offered November 2 at 12 Noon. Whether it's a new herd sire, that hard to get semen to help elevate your purebred operation or to add value to your commercial type calves through heterosis.

If it's time to freshen up your cow herd you will find an excellent offering of open heifers, some that will be very competitive for Juniors in the show ring, others that will be ready to take home and breed to your top bulls, bred heifers and cows carrying the service of today's most popular sires, fall pairs open and ready to breed to your preference of bulls. Also offered are exceptional packages of bred and open F1 Hereford-influenced females.

In addition, be sure to look at the awesome embryo packages being offered. In the past couple of years at major shows and sales, Missouri families have excelled with their Herefords in a world noted more for color than breed. These breeders are offering this opportunity for you to enjoy the same successes by raising your next top heifer prospect, a bull or cow that produces one.

Twenty-three members from across the state will be in Sedalia, Missouri the weekend of November 1-2, offering you the opportunity to inspect and add these genetics from the heart of their herds. It is such an exciting time to be in the cattle industry, as I am writing this letter feeder cattle are setting record highs almost hourly, fat cattle are inching closer to \$4 in the meat and with the recent Cattle on Feed report being what I feel on the bullish side of neutral, and the well documented diminishing cow numbers we are poised to be like this for quite some time.

So come early, bring a friend or two, visit old friends, make some new ones while enjoying a lunch made available by a junior organization and most of all looking at top Hereford cattle!

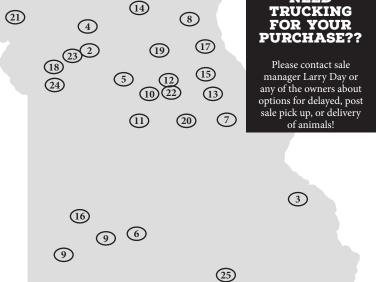

See you at the sale!

This FTF Relevant daughter is hard to let go! Her dam was our pick of the spring heifer calf splits in the 2022 WMC Sale, ranking in the top 1% for WW and YW, and she definitely did not disappoint with her first calf. 2409 herself ranks in the top 10% for WW and YW. She is feminine, dark red and even has an extra splash of pigment. Our Gold Rush calves have been the right kind with loads of pigment and body depth. This mating could be special! Al bred 3/14/25 to CMF 1720 GOLD RUSH 569G ET with heifer plus. Confirmed pregnant via ultrasound. Consigned by 5-D Herefords – Berryville, AR - Zack Dombek 636.222.2437

Fellow Cattlemen and Cattlewomen, if you came today to buy a bull, I would not sit on your hands. This one is loaded with eye appeal, length of body, meat, and muscle. Sired by LCC FBF TIME TRAVELER 480, this bull is guaranteed to add all good qualities to either a commercial or purebred herd. He was shown successfully at the Missouri State Fair and the Ozark Empire Fair. Tears at the seams a bit to sell him, when we know he is going to do great things. The only reason for selling is that we retained his mom and two sisters, as well as successfully breeding six of our cows. It's time to allow him to go to a new pasture with new females. This January Divergent heifer comes straight out of only a handful of heifers that we were able to calve this year. Her Dam GCC JOSEPHINE 32J was purchased from a previous Opportunity Sale, and did not disappoint. This heifer is easy on her feet, fluid in her movements, full of guts and easy on the eyes. We love this heifer's gentleness and disposition. Would make a great show prospect, if not, she is definitely your front pasture kind of cow. Sells open. *Consigned by Day Dream Cattle Co – Fayette, MO - Travis Day 660.537.3546*

This Rampage daughter comes to you straight out of our small bred heifer group. I'd like to describe her as the combo heifer out of the group and probably the most complete heifer in the group. She's a broody, moderately framed, well-made female with plenty of eye appeal, as she is dark red, goggle-eyed, and short-marked. She goes back to the X395 cow (Rosy Lane family) on the top side and Churchill Broadway and P606 on the bottom side. Top cow prospect. Balanced set of numbers to go with her. Her yearling scan data: REA 9.11, IMF 5.64, Fat 0.16. Dehorned. Bred Al to AW STATESMAN 038W on 5.10.2025. Consigned by Phillips-Renner Farms – Richmond, MO - Amy Phillips 816.878.7305

This cow comes from Purple Reign Cattle Co. The bottom side of her pedigree is from the heart of their program, and the top side is the well-known Sensation 2296 bull. She was exhibited successfully by Sophia as a heifer. She balances very well in her structure and lines. She has raised two nice commercial calves and has a good udder. This is the first time she has been bred to have a purebred Hereford calf. Al'd 7.25 to BAČC 747 Fundamental 114. Additional breeding info will be available on sale day. Consigned by SP&D Cattle Co. - Macon, MO - Dave Levett 660.888.9192
